## **DETAILED ACTION**

This Office Action is in response to the Amendment filed August 19, 2008. All previous rejections have been withdrawn unless stated below.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claims***

#### **Claim Rejections - 35 USC § 102 – Anticipation (Previous Rejection)**

Claims 1, 2, 5 and 6 are rejected under 35 U.S.C. 102(b) as being anticipated by Gaffar (4,138,477). The rejection is maintained.

#### **Applicant's Arguments**

Applicant has amended the claims to further define the function of the recited polymeric surface active. Applicant argues there is no disclosure or suggestion whatsoever in Gaffar of the present claimed compositions comprising specified phosphate-containing copolymers to increase hydrophilic character of oral surfaces and even less that such modification of the surface would provide the characteristics of the instant claims. Gaffar's actives are polymers that are ionically bound to a zinc salt. This argument is not persuasive.

#### **Examiner's Response**

Gaffar discloses phosphate containing copolymers such as polyvinyl phosphate, which is one of the polymers recited in the instant claims. Therefore the copolymer will exhibit substantially the same characteristics recited in the instant claims. In regards to the anionic polymer forming a zinc complex, the complex is absorbed onto the oral surface and the zinc is gradually released (col. 1, line 58 to col. 2, line 3). It is concluded that this forms a film as recited in the instant claims. Therefore the remaining anionic polymer will exhibit the characteristics recited in the instant claims.

Claims 1, 2, 5 and 6 are rejected.

No claims allowed.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
